MEMORANDUM FOR COMMANDER, 552d SIGNAL COMPANY

SUBJECT: Pregnancy Counseling

1. I affirm that CPT Kurt W. Page counseled me regarding all items listed on the attached counseling checklist, and that I understand my entitlements and responsibilities.
2. I understand that if I elect separation I may receive maternity care at Department of Defense expense, on a space available basis, for up to 6 weeks postpartum for the birth of my child *only* in a military medical treatment facility that has maternity care capability. I also understand that I may elect a separation date no later than 30 days prior to expected date of delivery, or latest date my physician will authorize me travel, whichever is earlier.
3. I understand that many military medical treatment facilities cannot provide maternity care, and that unforeseen circumstances or medical emergency could force me to use civilian medical treatment facilities following separation from active duty. Should this happen, I fully understand that **UNDER NO CIRCUMSTANCES** can CHAMPUS, any military department, or the Veterans Administration reimburse my civilian maternity care expenses. Such costs will be a matter of my personal responsibility.
4. I understand that the separation authority, in conjunction with my military physician and the needs of the Army, will determine my separation date. I also understand that if I should remain on active duty, I will be expected to fulfill the terms of my enlistment contract. If I elect to remain on active duty, I understand that I must remain available for unrestricted service on a worldwide basis when directed and that I will be afforded no special consideration in duty assignments or duty stations based on my status as a parent.
